Financial Support 2023

Percentage of 2023 Doctoral Students in
Biological and Biomedical Sciences

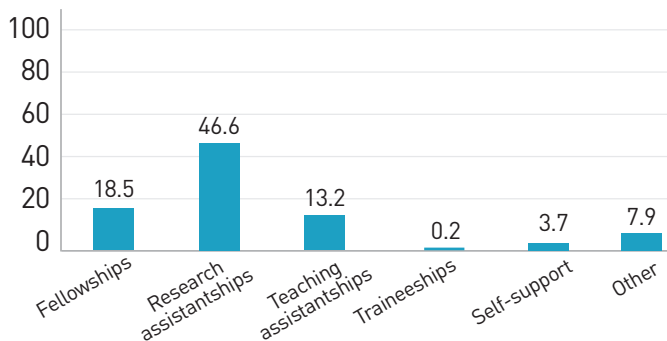

Primary Source of Support

Federal Source of Support

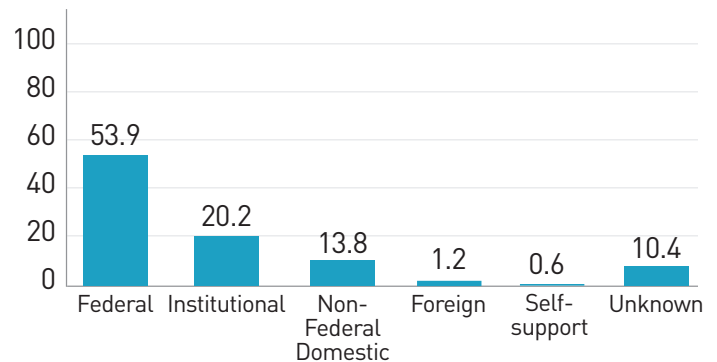

Primary Mechanism of Support

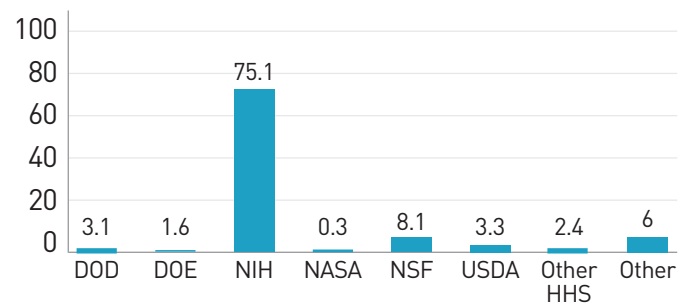

Nearly 73% of federal research support for doctoral students comes from NIH. Doctoral students in biological and biomedical sciences rely more on research assistantships for funding.

Percentage of 2023 Postdocs in
Biological and Biomedical Sciences

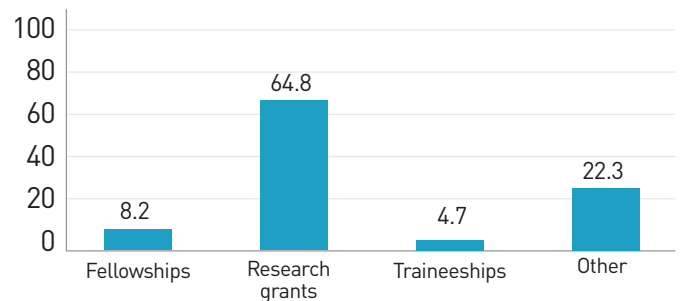

Primary Source of Support

Federal Source of Support

Primary Mechanism of Support

Nearly 75% of federal research support for postdocs comes from NIH. Postdocs in biological and biomedical sciences rely more on research grants for funding.

*GSS survey states these data may be more prone to measurement error than other survey data items. Respondents may also have difficulty categorizing financial information by field and financial support may not always be channeled through the institution.
